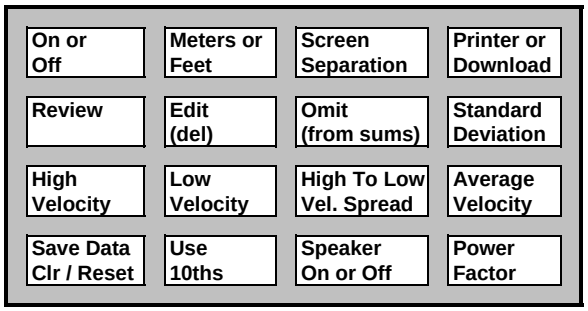
CED Millennium Instructions



Simple instructions:

Attach screens to chrono, near = start, far = stop
(Make sure screens are at least 8' from muzzle!)

Turn chronograph "On"

Shoot first string
(view summarycalculations with keys as needed, s.d. only available after 5 shots)

Press Clr / Reset briefly to store first string in memory
(Same button held down 3 sec. clears all memory)

Shoot next strings, … press "Clr / Reset" to store each data string into memory

Turn unit "Off" to clear current (unsaved) string or power down for disassembly

Save Data Clr / Reset
Brief = save current string
3 sec = clear all data in memory

Review
Brief = display next shot in string
3 sec = display next stored string

Use "Edit" KEY to mark shots and remove from summary calculations
Use "Omit" key to delete shots entirely
